Apply Up to Age 60 - \$1,000,000 Coverage Maximum

Members and spouses under age 60 are eligible to apply for coverage. Spouses can apply for their own policy even if the member does not. Members and spouses who do not use tobacco may apply for up to \$1 million of coverage. Tobacco users may apply for up to \$500,000.

Competitive Rates

Rates are based on the positive claims experience of professionals covered under the Plan. As a Plan participant, you are protected from individual rate increases. Your rates will only increase if you enter a new age-rating category, or if rates increase for all participants in your rate class.

New Super-Preferred Rates

For extra savings, you can take advantage of our new super-preferred rates. Savings can be substantial, as you can see on the rate chart on the back. To apply, you must answer four additional health questions on the application (satisfactorily to ReliaStar Life). Because these rates require some additional underwriting, you benefit in lower premiums.

You Own the Policy

Under this Plan, protection is provided through an individual policy that is renewable each year. Premiums are based on the claim experience of professionals insured under the program, but you retain rights of ownership. Coverage can be increased at any time simply by satisfying medical requirements. You also can transfer ownership, decrease coverage or cancel the policy. You can feel secure in this coverage provided by ReliaStar Life Insurance Company, a solid 100-year-old carrier.

Guaranteed Coverage to Age 75

Coverage is guaranteed renewable to age 75. Coverage cannot be reduced because of your age or cancelled due to changes in your health. Coverage can only be cancelled if premiums are not paid on time.

A Payout for Terminal Illness

This Plan includes an accelerated life benefit. It allows you to collect 50 percent of your insurance (up to \$100,000) if you are terminally ill, and have a life expectancy of nine months or less.*

You may use the money any way you wish. All remaining insurance benefits will be paid to your beneficiary upon your death.

*Accelerated life benefit coverage may vary by state.

Conversion

You can convert your term insurance to a universal life insurance policy before age 60. Conversion is guaranteed regardless of your health, unless you are disabled and not paying premiums.

No Annual Policy Fee

With this Plan, you never pay an annual policy fee. You pay only the rates stated in the table.

Optional Coverages

Disability Waiver of Premium

Should you become totally disabled (as defined in the policy) before age 60, you pay no premiums during your disability and your coverage remains in force until the policy terminates at age 75.

Accidental Death Benefit

Should you die as a result of a covered accident, the benefits paid by your policy are doubled, up to a maximum accidental death benefit of \$500,000.

Children's Coverage

You and your spouse can each apply for a children's insurance rider (if the spouse is covered under his or her own policy). This feature provides \$10,000 of coverage for each of your dependent children, ages 14 days to 25 years. Adopted children and stepchildren are also eligible. When you and/or your spouse apply for coverage, you can add this rider, regardless of your children's medical history. One \$21.60 semi-annual premium covers all of your children.
