What is Wage Protector®?

When an individual's income takes a hit, difficult decisions must be made – which expenses to prioritize and which to cut. Wage Protector is a new kind of insurance benefit which provides extra financial resources when your income is temporarily interrupted due to a disabling injury or illness.

Wage Protector is specifically designed to be a short-term bridge providing supplementary funds for up to 12 months to help individuals and families get back on their financial feet.

Benefits are paid directly to the insured and can be used at their discretion to help meet critical financial obligations, such as:

- **Mortgage or rent payments**
- **Car loans**
- **Childcare**

...or for any other purpose.

One in four of today's 20-year-olds can expect to be out of work for at least a year because of a disabling condition before they reach the normal retirement age.

Who Can Be Covered?

Eligibility for this program is broader than for a typical Association group plan because individual policies are issued to each eligible person who applies. Coverage can be continued to the next policy anniversary following attainment of age 70 (exception: South Carolina where there is no limitation).

Members

Spouses

Associates/Staff
(& their spouses, too!)

Spouse eligibility has been included because so many families today depend on the income of both spouses. The eligible member, or employee of a member, does not have to enroll for the spouse to sign up.

*To be eligible for coverage, an employee (W-2) must have been employed full time for at least 90 days; independent contractors must have been engaged full-time in their work for at least 365 days.

Premiums vary based upon the following criteria:

- Employment status (employee "W2" or independent contractor "1099")
- Type of work (level of manual labor involved)
- Amount of monthly benefit selected
- Benefit payment period selected
- Residence state

Premiums are not dependent on age or gender.

Sample Premiums

Monthly premiums illustrated are for employees (W-2) residing in Alabama who are not engaged in the construction industry and whose duties do not include manual labor.

POLICY PROVISIONS

Disability Insurance

This is a brief summary of the disability coverage provided under policy form SG DI 001 0619. See Policy for complete details.

WHAT'S COVERED?

The Policy covers Disability, which means:

- Inability due to Injury or Sickness to perform the material and substantial duties of the Insured's occupation at the time when the Disability starts, and;
- Receiving continuous care by a licensed Physician, and;
- Not working for wages or profit.
- Disability includes Complications of Pregnancy but not pregnancy or childbirth absent such complications.

As shown on the Schedule Page of the Policy:

- The Monthly Insurance Benefit Amount (chosen by the Insured at the time of application) cannot exceed the lesser of the Maximum Benefit Amount or 60% of an employee's Monthly Salary or an Independent Contractor's or Self-Employed individual's Average Monthly Income at the time of application;
- Benefits may be payable monthly for up to the Maximum Benefit Period;
- A Waiting Period (retroactive or non-retroactive to the date disability begins) may apply before benefits begin;
- A Lifetime Aggregate Maximum Benefit applies.

WHAT'S NOT COVERED?

The Policy excludes benefits for any Disability that is:

- a result of a pre-existing medical condition which means that the Insured has been treated by, diagnosed by or consulted with a licensed Physician or licensed chiropractor for the medical condition in the Pre-Existing Conditions Months, as shown on the Schedule Page, before the Policy Effective Date and such condition becomes the cause of Disability within the Pre-Existing Conditions Months, as shown on the Schedule Page, after the Policy Effective Date;
- due to hospitalization that occurs during the first ninety (90) days after the Policy Effective Date due to illness;
- a result of normal pregnancy that does not include Complications of Pregnancy;
- a result of war or any act of war (declared or undeclared);
- a result of a self-inflicted injury;
- a result of voluntary ingestion of illegal drugs;
- a result of intoxication;
- a result of injuries during commission of a felony;
- a result of participation in a riot or insurrection; or
- a result of an illegal occupation or activity.

Medical Care Requirement: Benefits are not payable for any period of Disability during which the Insured is not under the care of a licensed Physician. Such care must be appropriate, according to generally accepted medial standards for the condition which is causing the Disability and must be provided by a licensed Physician whose area of expertise is appropriate for the Sickness or Injury.

If the Insured incurs a qualifying Disability event and a qualifying Involuntary Unemployment event or Salary Gap event, only one benefit will be paid, and it will be the larger of the two benefit amounts.
